

New England Liner Systems, Inc.

New England Liner Systems, Inc. (New England) is a well established lining installation company within the Geosynthetic Industry. New England is one of the largest installers of Agru America, Inc.'s products and one of our top installers in the United States.

Agru America, Inc. has worked successfully with New England over the years on multiple projects where New England has installed our HDPE and LLDPE Microspike and Smooth material. New England is familiar with approved installation procedures and we have recognized them as one of our top-tier "Priority Installers".

Agru America, Inc. does not warrant or guarantee the work of any Approved Installer. Approved installers are independent contractors that provide specific installation services and do not act as agents or representatives of Agru America, Inc.

A handwritten signature in black ink that reads "Paul Barker" followed by a stylized circular mark.

Paul W. Barker
